Summary

Computer Science Engineering student graduating in 2027 with an interest in web and backend development. Familiar with Python, Django, HTML, CSS, Bootstrap, and basic database concepts. Interested in learning new technologies, building practical web applications, and designing creative posters and logos.

Education

University College of Engineering Jan 2023 – Jan 2027
Computer Science and Engineering | Bachelor of Engineering
GPA: 8.6/10

Technical Skills

Programming
Python, JavaScript

Web Technologies
HTML, CSS, Bootstrap

Framework
Django

Database
SQL

Version Control
Git, GitHub

Tools
Visual Studio Code, Jenkins

Design
Canva

Projects

Present

Hospital Management System

Developed a responsive web-based hospital management application using Python and Django.

- Implemented user registration, login, and authentication functionality.
- Created modules for managing departments and doctor information.
- Developed an appointment booking feature and handled application data using Django models.

- Designed responsive user interfaces using HTML, CSS, and Bootstrap.

Present

Placement Portal

Developed a web-based placement portal for managing students, companies, and job opportunities.

- Designed modules for student information, company details, job opportunities, and applications.
- Included aptitude test and announcement features as part of the application workflow.
- Built frontend pages and backend functionality using Django and web technologies.
- Used Django models and SQL concepts for managing application data.

Leadership & Activities

- Symposium Event Coordinator | Department of Computer Science and Engineering Coordinated intra-college symposium activities, event planning, communication, and participant coordination.

Certifications

Front End Technologies Nov 2025 – Nov 2025
IBM / Tamil Nadu Skill Development Corporation – Naan Mudhalvan Scheme

30 Days MasterClass in Full Stack Development

English Language Proficiency – B1 Aug 2025 – Sep 2025
NoviTech R&D Private Limited

Feb 2026 – Feb 2026

UpSkill from Cambridge

Interests

Web Application Development
